The Meeting opened at 9:02
Opening prayer by Gary Brown WW4JDO
The minutes were read and approved.

Old Business:

The .67 repeater controller was electrocuted and the results are not good. The control board needs to be replaced. No money is available from emergency management and the club decided to put it on hold and operate the repeater with the 'built in' controller. The problem is with the AC at the S.O. and when it is fixed we will look at replacing the controller. We also need a controller for the 147 repeater.

New Business:

The six-meter repeater has a new transmitter but it needs to be retuned and reinstalled. Additional cavities were discussed and Ricky has 2, Jimmy 1 and Mark 1. These need retuning and a harness built for a spare 6-meter

station.

We discussed linking repeaters but nothing was decided at this meeting. A committee was appointed and the following are members: Bill, Mark, Ricky, and Wayne.

Mark said he would try the echo link back to Marianna from South Fl. for the Monday night net. 7-21-07

Net Controls for the following months:

August

Sept. Gary

October Ricky

Announcements:

Ben's mother has some health problems, please keep her in prayer.

Ben and Dustin did a super job in last field day.

10 meters still has some band opening activities, give it a listen.
