Vice-President

Bill Everitt, KG4ZJT

Secretary/Treasurer

Todd Wiggins, W4MMA

NET CONTROL OPERATORS

February – KG4ZJT

March – W4KCA

April – WW4JDO

THE PRESIDENT'S CORNER

Hello fellow hammers. Let me begin by thanking you all for giving me the opportunity to serve as your president. I anticipate the club having a great year as we join together in our common goal to promote the general interest and knowledge of amateur radio operations in Jackson and surrounding counties. As you can see in the calendar of events, we have a busy year ahead of us. It is my hope that each of you will get involved in at least one, if not several, of the planned events. Since I'm a relatively new hammer, I will look to you "old-timers" for guidance on making each event a success. Let's have some fun this year hamming it up.

Gary (WW4JDO)

TEST SESSION
April 16th at the EOC

www.chipolaarc.org

We have a web site with lots of information loaded on it. Some things you'll find there are:

- Current Net Control Roster
- Local Frequencies
- Meeting Minutes
- Links to Sites of Interest
- Items for Sale

The site is maintained by Todd (W4MMA) who can be reached by email, w4mma@chipolaarc.org with suggestions for the site. He can even fix you up with a nifty email address with your call-sign.

http://groups.yahoo.com/group/chipola_arc_list/

We also have a yahoo message group with some pretty neat stuff. The message board is a place for exchange of information and discussion of topics. There's also a place for exchange of files and photos, and a calendar to mention just a few features. Check it out.
